Wednesday 29th. Bob a Bulb in on Daffo-dil Day!

Message from Mr P

We've been donated 400 daffodil bulbs... I fancy getting them planted on Wednes-day.... Kids can come to school in their scruffs, bring a trowel, spade, or fork, and we'll get planting. They're all going to go in the community garden. So on Wednesday, lets bob a bulb in.... We'll be taking kids out to do it, but if you have any time wed really appreciate your help!

Strand 4 Community and living well together Examples of excellence

Celebration Leaf tea parties (In covid times these have been replaced with leaf bands)
Well done to all the fabulous children who attended the Headteacher's Leaf Party! I was blown away reading the leaves you received. You certainly have been showing off our Christian Values.

Offering hope to the community

17.12.20 Y6 went to church to read prayers and readings and zoomed the service live into each classroom to bring the church to us. We planted a tree to bring hope for future years.

Spreading joy in the community
